## **The display of all firearms for show or sales!**

If you are not aware the Ohio Gun Collectors Assoc held a show at the Roberts Center every other month for many years. Recently they experienced a negligent discharge of a rifle that resulted in injury. Unfortunately this was the second discharge of a firearm in the Roberts Center. As a result the Roberts Center cancelled all future Ohio Gun Collector Assoc events in the Roberts Center.

As a result of this incident we at the OHIO VALLEY MILITARY SOCIETY need to convey important rules regarding firearms.

- We will not allow any modern non military collectible firearms for sale or display.
- ALL firearms that except a magazine or cartridge will require the following:
  1. All Magazines removed, no exceptions!
  2. Zip ties must be present in the **open chamber** that includes semi auto rifles and revolvers, tied closed is not correct!
  3. Bolt Action rifles will have the bolts tied open or removed ! not tied closed

There are no exceptions to these rules!!! That means locked in a case does not qualify for exemption, High dollar matching pistols do not qualify for exemption.

Parts and accessories are permitted, as well as collectible or military issued ammunition, bulk modern ammunition is not allowed

There will be no warnings, If we discover you ignored the rules you will be required to remove all firearms from the building immediately.
